

Autumn Scavenger Hunt

Have a look outside your window, have you noticed the things changing with the seasons? As we move from summer to autumn, it's easy to spot the different things happening from your home, such as the cooler weather and green leaves turning red and brown.

Walking is a great form of exercise, take your Scavenger Hunt activity sheet on your next walk and have a look for all the things on the list and tick it off.

Find a tree changing colours

What do you see in the clouds?

Collect 5 twigs/sticks
