

# Paper Rockets

3-2-1...Blast off! Make your own paper rocket!

## You Will Need:

- Scissors
- Tape
- Colouring materials (crayons, pencils, markers, etc.)
- Empty water or juice bottle

## Instructions:

1. Colour in your rocket however you like.
2. Cut the along the large dotted line.
3. Roll up your rocket so that it fits over the mouth of your bottle.
4. Tape the tube.
5. Fold down the top corners to make a point and tape.
6. Fit your rocket over your bottle, then 3-2-1...squash the bottle and watch your rocket fly!
