

Spider Anatomy

How much do you know about our eight-legged friends?

See if you can match the words in the box to the correct parts of this Goliath bird-eating Spider!

Chelicerae

(Mouth parts)

Pedipalps

(Looks like legs, but more like arms)

Legs

(Eight of these)

Abdomen

(The Spider's 'butt'; the heart and lungs are in here!)

Cephalothorax

(The Spider's 'head')

Spinnerets

(Where the webs come out from)

Eyes

(Eight of these too!)
